

RECY THREE CHALLENGES THE SUSTAINABLE FABRICS IN ONE SOLUTION

The RECY THREE cap weaves three different materials, mixing **60% recycled cotton** and **40% classic cotton**, adding a stylish **recycled polyester mesh** and **closure in R-PET**.

- **Recycled polyester** or recycled PET is one of the fabrics with the lowest environmental impact.
The fibre is made from polymers obtained by **recycling plastic bottle**
- **Recycled cotton** is the result of the transformation of **scrapes or second-hand clothes** into a new cotton fibre that can be reused in textile garments
